**Don't look back, don't need to look back
you can't change yesterday
lately its been all no good
but I know good's comin my way**

la, la, la, la, la, la, la, la, la, la

I know, some days, ain't your best days
ya its ok, to hurt sometimes
if your needin, that feel good feeling
lets shoot out the lights tonight we're gonna make it alright

**right here right now, lets sing it out loud
its time for me and you
to forget about whats getting us down
and remember whats getting us through**

**don't look back, don't need to look back
you can't change yesterday
lately its been all no good
but I know good's coming my way**

la, la, la, la, la, la, la, la, la, la

everybody, knows somebody
who needs somebody, who needs a friend
to get em through it, here's how we do it
gonna light up the band and dance come on clap your hands

**right here right now, lets sing it out loud
its time for me and you
to forget about whats got you down
and remember whats getting you through**

**don't look back, don't need to look back
can't change yesterday
lately its been all no good
but I know good's coming my way**

I know, it sounds so simple
simple sometimes is hard to do
but I know, where theres a little
light shinin through

la, la, la, la, la, la, la, la, la, la

**right here right now, lets sing it out loud
Forget about whats gettin us down
no we can't change yesterday
lately its been all no good
but I know good's comin my way, ya I know good's comin my way**
