Hurt. Hurt's got a way of making your heart
Stay in one place forever.
Time. Time's the only thing that seems to change.
Stuck in time when I miss ya.

I think I'm on the mend
Think I might be turning a corner
Till I think of you again
Think of you again
Over and over.

Thoughts skip back your
Thoughts skip backward
Just like a record x 2

Just like a record x 3

Sleep. Sleep's a long gone thing of the past.
Cause every night when my eyes close
Words. Words echo inside my head
Especially those I regret most.

Pre

But every now and then
I think I'm on the mend
Think I might be turning a corner
Till I see you again
Then it's starts again.
Over and over and over.

Ch

Call you, hang up, go to sleep
Wake up, think of you, repeat, repeat, repeat

Ch x 2
